Weekly Report

Directorate of Administration

- An improved visitor access control system for the Headquarters compound is undergoing acceptance testing.

25X1

- During a 22 February recruiting trip to Western Michigan University and a 23 February trip to Kalamazoo College, an Agency recruiter was confronted by demonstrators protesting CIA involvement in Central America and distributing anti-CIA literature. At both schools the recruiter was able to conduct her interviews and reported that there were good applicants for employment. The applicants tended to laugh off the demonstrators.
- The DoD has proposed that overseas civilian employees contribute up to 16% of their salary for overseas housing. OP representatives met with members of the State Department Allowances Staff and the military services who speculated that the proposal is elections-related or the result of bad advice. Estimated DoD savings would be minor compared to its budget. OP will continue to monitor and report on this subject.
- The Architectural Design Staff, Logistics Services Division, OL, completed the drawings for full-scale mockups of front entrance barricades for the Headquarters compound. The Design and Specification Section, OL, is now preparing the mockups.
